Captain America has just moved in to the tippy top of Hell Block. He has a balcony. Captain America bought the dog in 2013, it was a big German Shepherd called Jimmy. The baby was fighting with the German Shepherd, because the baby was tormenting the dog. The German Shepherd bit the baby on the neck and the baby Hulk smashed the dog into the wall.

Captain America gave the dog to his Dad, so that the man could be protected. He has no family living with him, they are in New York. Captain America goes and visits the dog.

The baby has surgery on its neck, and Captain America's Mum visits when it is there waiting for the doctor to come. Captain America meets his neighbour

Tyrell. Tyrell lives with his brother. Tyrell has sweaty hands, wavy hair. He lives directly below, one down, from Captain America. He has a twin. He's a bad neighbour because he's noisy. He yells a lot, listening to Redfern Jarjum College on YouTube.

Captain America works. He saves the city from Venom who is trying to take it over. The battles finishes at 7am.

He has breakfast, eggs and bacon. He visits his mum but his mum is not there. He decides to visit Iron Man. They pay chess and Iron Man beats him in Chess. They wish each other good game.

Captain America discovers that his mother has been captured by Fawn's brother. He feels angry. He goes to get Hulk and the two of them together smash Viper at his castle.

They take the mum back to the apartment. Hulk meets Captain America's baby - Hulk Baby.

They have dinner - pork, chops, mash potato. The dog has full sugar Coke to drink. The baby, out of the blue, hits the

dog. Then the dog bites it on the neck. Mum says, "You need to take control of the dog and give it to my husband - Captain America." She takes the baby to the hospital. Hulk and Captain America take the dog to the dad's house. The dog doesn't want to leave Captain America.

Razor says, "Nice to meet you, are you good or bad?" Captain America says, "I'm good."

Then the baby dies. The mum calls and tells them this.

## HUGE RAINS FLOOD HELL BLOCK!

On Sunday June 5 Sydney was ravaged by some of the worst storms seen in over fifty years.

While the Sydney CBD flooded, many residential places were among the hardest hit. In Redfern, the famous Hell Block saw their first six floors submerged beneath flood waters.

The residents of Hell Block, many long term tenants of many years, were forced to build rafts and make their escape.

Officials say that the exact extent of the damage is not yet known.

### Escape Plan!

#### Things I have:

Bed, chairs, shield, cupboard, couch, pillows, Hulk Baby, puppy, door.

#### Things I need:

Drinks, food, chips, chocolate, comfortable pillows, blankets, saw, hammer, nails, raft materials.

#### Plan to get out of here:

I grab the baby and dog. I rip off the door of the bathroom, realise it's too small. I connect it up with the bed. I get my shield and using it cut the legs off the chair and use them to paddle. I get all the food and the drinks. I put the pillows on.

I got out and float down the stairs. Hell Girl says hello. I tell her to get on the raft, then I pick up Hell Boy. Then we go pick up Tyrell and then we float safely out of the building.

We row to Ashfield. Everyone is moving in with my mum Tanya. Everyone will get along. As it turns out, we can't all fit in Ashfield so we all head north to Mulli Mulli.
